2. DIVERSITY IN-HOUSE SEMINARS

Learn more about Diversity – on-site

Let your organisation benefit from our expertise in Diversity during an in-house seminar which will be tailored to your requirements. We provide the design, the implementation and the evaluation of an in-house seminar – and you reap all the benefits.

Your in-house seminar can address basic issues of Diversity as well as specialised questions, and will be a combination of scientific-based knowledge and practical implementation aspects. During an in-house seminar, you may rediscover the scope and connectivity of Diversity, how your organisation may benefit from Inclusion, and which are the typical pitfalls of the implementation of Diversity. Other key topics may include ‘age diversity’, ‘corporate culture’, ‘recruiting and HR marketing’, or ‘anti-discrimination’. Tell us which themes are most relevant for you at this time and we will send a concrete offer: inhouse-seminars@european-diversity.com

3. DIVERSITY SURVEYS

Benefit from the results of our international corporate practice surveys

European Diversity Consulting conducts pan-European Diversity Surveys on a regular basis. Get to know the current practices, success stories, key stakeholders and challenges of Diversity in international companies in Europe. Find out what is considered good practice in each of the areas covered and position your diversity work against the market.
